

VILLA-CARRANZA BREAK IS DENIED BY NEITHER.

Partisans of Victorious Field General in Control at Juarez.

Special Train With First Chief's Adherents as Prisoners Is Sent South to Saltillo, While Border Is Awaiting With Anxiety the Next Move in National Drama of Mexico.

(BY A. P. NIGHT WIRE.)

EL PASO (Tex.) June 17.—Gen. Carranza and Gen. Villa failed to deny today that their relations had reached a breaking point. Neither did agents of either the Constitutional leader or his northern leader attempt to give reasons for the forceful ousting, late yesterday, of all Carranza appointees in the offices at Juarez by Villa's supporters.

A statement was issued early today by a Villa agent here to the effect that his chief had authorized him to issue a general denial of the reported arrangement. The statement was found later to have been made without authority. Partisans of both Villa and Carranza were unable today to get an official expression from Saltillo, where Carranza has established himself, and from Torreon, where Villa evidently remained.

PRISONERS' SPECIAL TRAIN.

The employees of the Juarez customs, telegraph office and treasury department sent south early today on a special train, will be sent to Saltillo, according to announcement tonight by Roberto V. Pasquiere, Carranza's confidential agent here. Other reports said that they had been placed in the State Penitentiary at Chihuahua City. The reported sending of the prisoners to Carranza's headquarters was received by agents of both factions here as a sarcastic action by the Villa adherents. It was denied from any source that Villa's soldiers had taken over the entire fabric of civil government that heretofore was manipulated by Carranza's cabinet officers.

M. Perez Abreu, who was in charge of the Constitutionalists' information bureau, disappeared with the rest. Alberto Pani, Carranza's agent in charge of the treasury department at Juarez, escaped to this side, although one of his fellow employees were arrested.

RIO SUM MISSING.

In addition to the disappearance of the Carranza officials from the border post, \$1,000,000 in Constitutional currency is missing. It was said to night on the best authority. This money was of the national issue which Carranza insisted to become general currency throughout Constitutional territory. The money said to have been collected by Villa was sent to the state capital.

The national bills dropped 5 cents to a value of 21 cents gold at the El Paso exchange today.

ORNELAS IN CONTROL.

Villa's officials took possession today of the offices formerly under control of Carranza appointees. Col. Tomas Ornelas, Villa's garrison commander, declined to discuss the orders or reasons for his raid yesterday on the federal offices, and the subsequent arrest of Carranza men. The confiscation and closing of the information bureau and the change in the telegraph office prevented any news arriving from the south. It was asserted by those in official touch with the situation, however, that all Carranza men had been thrust out of office throughout Chihuahua and Western Coahuila.

Lauro de la Garza, Villa's commercial agent at Juarez, issued today an

VILLA'S RESIGNATION.

SALTILLO (Mex.) June 16.—(Via Laredo (Tex.) June 17.) The resignation of Gen. Francisco Villa as commander of the division of the center of the Constitutional army was officially announced here today and it was stated that one representative of each brigade of Villa's army was on his way here on a special train to consult with Gen. Carranza concerning the appointment of a successor to Villa.

Gen. Felipe Angeles, acting Minister of War, is most prominently mentioned in this connection.

Gen. Villa, it was said, will resume the military governorship of Chihuahua, from which he was on leave of absence to command the division of the center. No mention was made of cause for the resignation, but it was unofficially reported to be connected with the unexpected attack of Gen. Natera on Zacatecas, without waiting for orders, and the disqualification of Gen. Benavides and Ortega to serve under Natera.

Gen. Carranza late today received a communication from the Niagara Falls mediators in answer to his announcement that he was willing to send a representative to the Niagara conference. Gen. Carranza declined, for diplomatic reasons, to make public the contents of the communication or to indicate the nature of his reply, which it was said had not been completely prepared.

MEXICO CONGRESS HAS ADJOURNED.

(BY A. P. NIGHT WIRE.)

MEXICO CITY, June 17.—Congress adjourned today with the customary ceremonies. President Huerta did not send in a call for an extra session, as it had been expected he would do, but it is expected the call will be issued Friday or Saturday.

FEDERALS EXECUTED.

Chief of Police at Tampico and His Assistants Convicted of Outrages to Rebel Sympathizers.

(BY MEXICAN CABLE AND A. P.) TAMPICO (Mex.) June 16 (Via Laredo, Tex., June 17).—Daniel Gonzalez, who was Chief of Police here while the Federals were in control of Tampico, and his assistants were executed at Bodega today. They had been convicted of having subjected Constitutionalists to tortures and atrocities.

Mexico.

(Continued from First Page.)

declared that similar transfers had occurred at Chihuahua City, Torreon, and other cities in the zone dominated by Villa. The doubly enforced censorship prevented any news arriving from the South either regarding the sudden turn of affairs in Northern Mexico, or of the military movements against Zacatecas, invested by a Carranza leader. Villa, ordered to move south by Carranza, remained at Torreon, although it was thought his troops had been put in motion.

CARDEN CLASHES WITH HUERTA.

SUGGESTS MEXICAN PRESIDENT RESIGN—IS THREATENED WITH ARREST.

(BY MEXICAN CABLE AND A. P.) VERA CRUZ, June 17.—British subjects who arrived here from Mexico City today reported a recent clash between provisional President Huerta and Sir Lionel Carden, the British Minister.

The dispute arose out of the advice volunteered by Sir Lionel that the de facto President should resign and leave the country immediately. The Ambassador also offered Huerta the safe conduct and a warship to take him and his family to any port he might name. Gen. Huerta is said to have become enraged and threatened to arrest Sir Lionel Carden if he ever repeated the proposal.

YAQUI INDIANS ON VILLA'S SIDE.

(BY A. P. NIGHT WIRE.)

AGUA PRIETA (Sonora, Mex.) June 17.—While no official communications have been received today since the guarded message relative to the split between Carranza and Villa, private advice leave no doubt in the minds of local Constitutionalists that Villa has made the move attributed to him, of practically repudiating Carranza's instructions.

Some leaders profess to believe that Villa will "see his error" in a few days, and will resume his connection with the army, but the majority were not optimistic. Unconfirmed reports tonight from Hermosillo said the Yaqui Indians will declare for Villa practically as a unit, because his fighting ability has won their respect.

FRENCH AVIATOR KILLED.

New Self-Righting Aeroplane Falls to Right and Pilot Drops Fifty Feet to Ground.

(BY ATLANTIC CABLE AND A. P.) CHARTRES (France) June 17.—Maj. Julien Felix, commanding the aeroplane depot here, was killed today while testing a new self-righting aeroplane. When at a height of sixty feet, the machine turned suddenly and dropped to the ground.

The cause of the accident is a mystery, as the aeroplane was found to be in perfect order. It is thought that the aviator stopped his engine with the intention of testing the ability of the machine, and that while doing so he attempted to turn too sharply and the aeroplane capsized.

WHY NOT "SMASHERS" ALSO?

Baggage Men Want the Interstate Commerce Commission to Standardize Trucks.

(BY A. P. NIGHT WIRE.) DETROIT, June 17.—Break trucks, embellished with conical protruberances, slant sides and unusual tops soon may be unpopular among the best trucking men of the country. The association of General Baggage Agents opened its annual convention here today with the avowed purpose of taking the best trucking men to task for the interstate Commerce Commission to consider a plan for the standardization of trucks, both as to size and construction.

Council.

NATERA GUEST OF GEN. VILLA.

New Attack on Zacatecas Planned at Torreon.

Federal Army Holding City Largely Reinforced.

Artillery Battle Necessary to Clear Away Outposts.

(BY A. P. NIGHT WIRE.)

TORREON (Mex.) June 17.—Gen. Natera, commander of the new central division, will arrive here tonight from the front above Zacatecas to discuss with Gen. Villa the military situation. While in this city Natera will be the guest of Gen. Villa.

Gen. Villa announced that so far he had been able to send 8000 men toward Zacatecas. The condition of the road was extremely bad, owing to rains. The commander of the northern forces at Zacatecas at the head of his forces in the proximity of Zacatecas within the next few days. The heavy baggage, commanded by Gen. Felipe Angeles, left today for the scene of operations. The troops are in the best of spirits, said Gen. Villa, in view of the fact that he has ample ammunition and provisions he anticipates a high degree of efficiency on the part of his men.

It was learned today that the Federal force at Zacatecas numbers between 12,000 and 15,000 men, more reinforcements, said to have been part of the Saltillo garrison, having reached there during the latter part of the week. The latest information is that the force at Zacatecas at the beginning of June numbered no less than 6000, but that about 1000 men arrived on June 9 and that another 4000 or more came to the assistance of Gen. Medina Barron during the latter part of last week.

In addition to a great number of machine guns, the Federal force runs from 150 to 180—the Federals have in position several large field pieces. As Gen. Villa's forces are in the process of being retrained by the Constitutionalists' artillery succeeds in taking some of the redoubts and trenches many lives will be lost in the assaults on the positions.

PLAN ARTILLERY DUEL.

Though Gen. Villa and his staff refused to discuss any phase of their plans, the impression prevailed generally that the Federal force will make preliminary attacks by means of artillery and machine guns, and that the main assault will be made by the infantry.

He thought that Gen. Huerta recognized the strategic importance of preventing the Constitutionalists from gaining good footholds in Central Mexico. The agricultural and industrial development in that part of the country, he said, is a factor which could cut loose from the railroad and by virtue of their organization of cavalry brigades, overrun the country.

REVIVES HOPE OF MEDIATORS.

VILLA'S ROW WITH CARRANZA HAS CHEERING EFFECT.

Delegates Believe Stubborn Attitude of Carranza Envoys May Be Weakened and an Agreement Reached on Candidates for New Provisional President.

(BY A. P. NIGHT WIRE.)

NIAGARA FALLS (Ont.) June 17.—Dispatches telling of the break between Carranza and Villa have buoyed the mediating plenipotentiaries and other principals of the Niagara Falls conference to hope that perhaps, after all, there is a chance for a successful outcome of their efforts. Confirmation of the rumors that all is not serene in the Constitutionalists' camp, may possibly weaken the stubborn attitude of Huerta's foes, and withdrawal of the whole-hearted support which the United States has been giving the Constitutionalists would cause no surprise here.

When the next formal conference is held on Friday on the return of Minister Naon of Argentina, the three South American diplomats, it is understood, may suggest to Carranza the names of men of men as nearly neutral as the mediators can find. The Mexican delegates are thoroughly in accord with the choice of either of the two men.

Carranza has been a member of the Supreme Court for many years, and on June 1 last was selected by the court itself to be chief justice. During the negotiations at the Niagara Falls, when Madero and Diaz reached an agreement whereby Francisco de la Barra became Provisional President, Mr. Carranza represented Diaz. Gen. Villar was loyal to Madero to the last. He was in charge of the defense of the palace during the bombardment of Mexico City and fought for Madero until the government was completely overthrown. Emilio Rabasa, head of the Huerta delegation, said he had been advised by the Mexican Consul at El Paso that reports of the break between Carranza and Villa were true.

Patterson for Governor. (BY A. P. NIGHT WIRE.) DENVER, June 17.—Former United States Senator Thomas M. Patterson tonight announced his candidacy for the gubernatorial nomination of the Democratic ticket.

Incitement to Fraud.

(Continued from First Page.)

ing a principle advanced by the mediation plenipotentiaries, agreed to the designation for provisional President of a neutral. The American delegation submitted its plan based on the condition that the provisional President shall be a Constitutional, a provision which the Mexican delegation flatly refused, of its own accord, without even consulting its government. To put in writing the reasons for the rejection, so that they may be better studied by the American delegates, the Mexican delegation addressed to them the memorandum mentioned, the chief considerations of which are the following:

"In a country unused to electoral functions, such as Mexico, and particularly in the circumstances and conditions it would be in, once the revolution had ceased, a provisional government composed of revolutionists and with revolutionaries in authority throughout the country would turn out to be a disaster to the public vote would be falsified and the result would necessarily be the election of a revolutionary President. Consequently when the Washington government insists today on the designation of a Constitutional chief of command, it favors also from today the imposition of a revolutionary President at the elections.

"In a country unused to electoral functions, such as Mexico, and particularly in the circumstances and conditions it would be in, once the revolution had ceased, a provisional government composed of revolutionists and with revolutionaries in authority throughout the country would turn out to be a disaster to the public vote would be falsified and the result would necessarily be the election of a revolutionary President. Consequently when the Washington government insists today on the designation of a Constitutional chief of command, it favors also from today the imposition of a revolutionary President at the elections.

"In the United States, and in some European countries, the influence of the government in power on elections is slight, if any. In Latin-American countries it is usually decisive and the product of a revolution which befalls its right to power by conquest, a revolutionary government does not hesitate to set aside all law or to trample on the public will. In Mexico, in the present circumstances, only a well-balanced government can guarantee electoral freedom, so that the organization of the provisional government proposed by the mediators is tantamount to abetting and even to exacting fraud and violence at the elections.

"The American delegation draws an illogical inference when it says that the rebel successes show that the nation is with them. The Central and Eastern States of the republic, which have a total population of over 10,000,000, are not under the influence of the rebels. Of these, Guanajuato, Jalisco, Puebla, Vera Cruz, Mexico and Oaxaca alone have over 7,000,000. The rebels are in the hands of the nation. The nation is with them. The Central and Eastern States of the republic, which have a total population of over 10,000,000, are not under the influence of the rebels. CALIFORNIA POLOISTS

LAKE OF AMERICA.

The Meadowbrook Big Four With the Exception of Devereaux Milburn Are Too Old to Play Any More While Other Easterners Aren't Ripe for Championship Play—Up to the Coast.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK, June 17.—The international games are over and the cup is now labeled for Hurlingham. The hopeful expect to see it back again at Meadowbrook soon. It is a good thing to be hopeful, but the facts are not comforting.

There is a dozen men in England and India today nearly as good as those men who wore the red rose yesterday. There are none to follow closely in the footsteps of the Big Four. That is the tragedy of the polo situation here today.

This past month has shown to all admirers of the Big Four that the three-fourths remaining is past the zenith of its powers. And it has also shown that the men waiting for the vacant positions are not in the same class.

The shifting of the line proved disastrous. Milburn is a great back, but he did not prove himself a great No. 3. And Larry Waterbury, who is one of the greatest forwards the game has known, is out of his element in the defense.

La Montagne, among men of his handicap rating, was well enough, but lined up with the Waterburys and Milburn he was found wanting. And those others, Harold Phipps, Malcolm Stevenson and Readlestone are not yet ready to battle for their country with the hope of winning.

Arrangements have been made for a great number of polo tournaments in the exposition at San Francisco in 1915. England is sending teams and the competition will be keen. High-class sport is assured. There will be western fairs, Californian fairs, and it is hoped many teams from the East. Why should not the great tournament be a sort of testing ground between West and East?

It seems that the East for a time has little chance of capturing the trophy. The best men here, Milburn excepted, are a little too old, and the younger men are not good enough. There remains the West. It may prove, if the San Francisco tournaments are taken seriously, that the West in polo is a false alarm. Or it may prove that salvation comes from that quarter, the possibility of the unearthing of new stars at the Frisco tournaments lies America's only hope of winning back the trophy.

CROSS-WATSON AT SAN DIEGO.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, June 17.—After two days' arguing between Promoter Billy McMe on of the San Diego Athletic Club and Leach Cross and his manager, Sam Wallace, the New York lightweight, signed up for the twenty-round match with Red Watson the Fourth of July. Local fight fans are jubilant over the big sporting event, as this is the first twenty-round match held here in a long time, while the fame of the two boxers makes it the biggest ever pulled off here.

Johnny Arrouay and Patsy Riley will give a ten-round bout as a preliminary.

Watson is one of his way here from San Francisco and Cross, his wife and baby, Wallace, his trainer, and sparring partner, Patsy Riley, will come here Sunday. Leach will take a cottage at Ocean Beach.

**OAKS TRAMP
OVER SEALS.**

Ten-Inning Game Won by
New's Single.

Leifeld Pounded Hard by
Vicious Oaks.

Jins Has Settled Around
Seals Again.

[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, June 17.—San Francisco's week-day line, the first that brought it five straight defeats last week, is on the job again, and the Seals lost their second game of this week to Oakland today, score 6 to 5, in a ten-inning session.

The game was even enough until the sixth, when Oakland pounded Leifeld hard and landed four runs, making the score 5 to 1. By the ninth the Seals had tied the score.

The Oaks got to Leifeld in the tenth, Zachar singled, went to second on an out, and scored on New's single. Score:

	A	R	E	B	R	O	A	E
Oakland	6	5	0	0	0	0	0	0
San Francisco	5	6	0	0	0	0	0	0

**BEAVERS AND
SACS DIVIDE.**

HARRY STEWART HOLDS REAV.
ERS TO TWO HITS IN
THE FIRST GAME.

[BY A. P. NIGHT WIRE.]
SACRAMENTO, June 17.—Sacramento and Portland divided a doubleheader today, the extra game being the play-off of one of the postponed games of the opening week. The Wolves won the first game 4 to 1, in the ninth inning, after they had tied the score in the first of the ninth with two runs without a hit. Harry Stewart allowed only two hits in the first game, one of the hits being a hard drive that bounced off Hallman's foot and the other a drive that bounced off Stewart's ankle and rolled out into right field. In the second game Elmer Rieger allowed only four scattered hits, only five of the locals getting on bases, and only one going as far as third. Scores:

	A	R	E	B	R	O	A	E
Portland	4	1	0	0	0	0	0	0
Sacramento	1	4	0	0	0	0	0	0

-By Gale.

The regatta will open informally tomorrow afternoon with a mile race between the Harvard and Yale freshmen fours.

It is estimated the net profits of the 11 and 1913 International polo matches played at Meadowbrook was 0,000.

dom is gained the ball field, and young Ehmke has so far stepped only nine games.

Up and Down Broadway.

FINISH FIGHT
SAYS MOROSCO.Gives His Side of Split on
"Peg o' My Heart."O'Neil Will Open in Chicago
Next Week."Sole Rights Mine," Declares
Local Producer.

BY GARDNER BRADFORD.

It took the better part of a day to get to Oliver Morosco yesterday, just back from the East, and fresh from the opening engagement in the battle now on between him and Laurette Taylor and J. Hartley Manners, involving the biggest play of the decade, "Peg o' My Heart."

Honest, though, I think I know more about it before than after, for I insisted on going over the contracts, and when I got through the mass of words, all I was really sure of was the "sole rights" clause and the "may be so."

Just the same, this is the play that got Los Angeles on the map, made Laurette Taylor and Manners rich and famous, put a goodly mite in the Morosco stocking, and could well be termed the million-dollar play, so the present break is mighty important in more ways than one.

To me it looks like a case of temperment, or in vulgar Anglo-Saxon, evil head, in a Marie Dressler. And the courts are to settle it.

One thing that seemed to loom out among the clouds that gives Morosco sole right to produce, which, unless the lawyers find something to nullify the phrase, would mean that Manners and Taylor cannot use "Peg o' My Heart" any more.

"I agreed, outside the contract, to let Miss Taylor appear in certain places," said Mr. Morosco, last night, "but that was merely a concession and not called for in the contract."

"Now Manners and Taylor have gone to Europe and I expect that when they learn that Peggy O'Neil is to open in Chicago they will turn round and come right back again."

In the meantime, as far as I could figure, the time has come when the other Pegs are going to come in for the full amount due them, and Miss Taylor and Mr. Manners will get only the letter of their contract, unless, of course, they find some way to break it.

In the meantime, Peggy O'Neil is slated to open in Chicago Sunday, in a new Peg company, in which, according to Morosco, most of the members of the New York company will be included.

And her place will be taken by Florence Martin, who is now in town, but will begin her engagement in Salt Lake.

Just because the season has been the way it has, I find a chance shot by asking Morosco if he was planning to give up the Majestic and the Morosco theaters and devote his time to the Burbank and his eastern shows.

The denial was most emphatic, as was also that to my question, "will you move your producing center from here to the East?"

Also Morosco denied that he had picked up new principals in the East for any of the home town companies, but added that he had a trunk full of plays, a list of which we are to have in a day or two.

SWIMMERS ON
THEIR WAY.

(BY A. P. NIGHT WIRE.)
CHICAGO, June 17.—Eight men of the Illinois Athletic Club's swimming team, the national champions, will start next Thursday night on a trip to the Pacific Coast.

On the way they will give exhibitions or compete in dual meets in local tanks, ending their visit to the West about the middle of next month. Coach William Bachrach announced the make up of the touring party as follows: Perry McGilivray, Harry Heber, A. C. Rathel, Michael McDermott, Max Mott, William Vosburg and E. W. McGilivray.

The list of dates was completed today, when Bachrach entered the team in the invitation meet at Sutter Bath, San Francisco, July 4 and 5, in which a team of Hawaiian swimmers headed by Duke Kahanamoku will also take part.

OLD STARS WILL
COACH FRESHMAN.

The Occidental Freshman football team will be coached by a committee last fall composed of several old football stars. Harry Kirkpatrick, last year's captain and star; Fred Thomson and Bill Edwards, an old University of Pennsylvania man, doing the brunt of the coaching.

The freshman team is expected to be a good one and it should have little trouble handing out beatings to the local High School teams. The team will play two games with Long Beach High School and one with Pasadena and Santa Ana.

CARPENTIER MAY
REFEREE BIG SCRAP.

(BY ATLANTIC CABLE AND A. P.)
PARIS, June 17.—Georges Carpentier, the heavyweight champion pugilist of Europe, has been asked to act as referee of the Johnson-Moran fight which is to be held here June 20.

Numerous others, Americans and Frenchmen, have been proposed as referees, but Carpentier alone is acceptable to both sides.

HARRY LORD MAY
GO TO FEDERALS.

(BY A. P. NIGHT WIRE.)
MANCHESTER (N. H.), June 17.—When informed today that five members of the Chicago American League baseball team were contemplating joining the Federal League, Harry Lord, former captain of the club, said that if they took such action he would go with them.

Bijou Russell.

Who comes to the Empress next week.

GILLETTE SCORES
OVER KIRKLAND.NELMS AND BIRD OPENING NEW
BILLIARD HALL.

Crowd Witnesses First-Block Victory of Veteran Against Youthful Champion of Coast—Brilliant and Busy Scene in Locals of Favorite Game—Match Continues.

Byron Gillette officiated in professional style at the opening of Nelms and Bird's splendid pocket-billiard hall at Fourth and Spring streets, by winning against Coast Champion George Kirkland the first block of an exhibition match arranged for three nights.

Gillette made 154 balls to 129 for Kirkland, and held the balls for the first night, in the last half of the fifty-third inning.

From the second frame Gillette kept the lead, though often closely pressed by Kirkland, who scored high run of sixteen in a comparatively slow and unexciting contest. Both men found some difficulty in gauging the new table, which is of championship size, with five-inch pockets and full-sized 25-16-inch balls.

Gillette made runs of 15, 10, 10, 15 and 16. Kirkland ran 15, 10, 10, 15 and 16.

Safety play marked the whole game. Gillette played safe twenty-two times and Kirkland on twenty-three occasions.

Two scratches were made by Gillette and four by Kirkland, one of which was for safety.

Kirkland made twenty-six misses, while Gillette made only one. Making on the whole, a remarkably even contest on all points except Gillette's larger average, which the champion feels confident of equaling tonight.

As many billiard fans as could see the game crowded seats and spacings, many others filling the long stretch of tables with activity.

Unanimous pleasure was expressed over the richly-finished and mirrored room, which testified the best effort of Brunswick-Balke-Collender Company in style and equipment.

HARVARD TAKES
SECOND BATTLE.

(BY A. P. NIGHT WIRE.)
CAMBRIDGE (Mass.), June 17.—Harvard today retrieved its defeat by Yale at New Haven yesterday, winning before a gay commencement crowd, 7 to 3. The series, now tied, will be decided in a third game to be played at Fenway Park Saturday.

The score: Harvard, 7; hits, 6; errors, 3. Yale, 3; hits, 5; errors, 4.

Batteries—Mahan and Waterman; Osborne, Gile, Brown and Hunter.

PENNSYLVANIA WINS.
(BY A. P. NIGHT WIRE.)
PHILADELPHIA, June 17.—Pennsylvania beat Cornell today, 4 to 2.

REDONDO SWIMMERS
FORM ASSOCIATION.

(LOCAL CORRESPONDENCE.)
REDONDO BEACH, June 17.—The Redondo Beach Swimming Association was organized with the following officers: Byron A. Minor, president; Ed. Murphy, vice-president; Arthur L. Walton, secretary. It is the intention of this organization to become a branch of the Amateur Athletic Union and conduct swimming meets at this beach.

A great many of the Southern California water flyers, among them Ludwig Langer, the great Southern California middle-distance swimmer; Cliff Bowers, champion diver of the Coast; Ray Henderson, short distance sprinter, and Ray Kegeris, the juvenile wonder, will become members of this association and sport their colors in all Coast meets.

The life guards of this beach will commence their services Saturday, with the opening of the summer season. They are Fred Teschke, a football star of the University of Southern California; Ray Henderson, a crack middle-distance swimmer, and "Pink" Furlong, a member of the baseball team of the University of Southern California.

OLYMPIC EVENTS
ARE SELECTED.

(BY ATLANTIC CABLE AND A. P.)
PARIS, June 17.—The programme of athletics for the Olympic games to be held in Berlin in 1916 was settled by the International Olympic Congress today, when the events chosen by the congress of the International Amateur Athletic Federation in Berlin in August, 1912 were adopted. Germany at the last moment decided not to bring forward its original proposal to eliminate the tug of war, the steeplechase and the weight lifting in the athletics, which was rejected.

LIE-A-BED WINS.

(BY ATLANTIC CABLE AND A. P.)
LONDON, June 17.—J. East's 2-year-old Lie-a-Bed today won the Royal Hunt cup, one of the most coveted prizes at the Ascot race meeting. Braxted was second and Honeywood third. A field of twenty-five runners turned out for the race, which was over a distance of seven furlongs, 166 yards.

The cup is valued at \$1250, to which is added \$750, a sweepstake of \$100 each.

BEARS ARE DEFEATED.

(BY ATLANTIC CABLE AND A. P.)
HONOLULU, June 16.—The University of California baseball team, which has come to the islands for a series of games with Hawaiian teams, was given its first defeat today by a team of soldiers of the Coast Defense League. The score was 4 to 1.

MISS LEITCH WINS.

(BY ATLANTIC CABLE AND A. P.)
VERAILLES (France), June 17.—The French women's golf championship today by defeating Miss Gladys Bastin, also an Englishwoman, by 2 up and 1 to play. The match was played over the course at La Bouille.

The Cincinnati Reds had a penant-winning team once in 1869.

VAN COURT SAYS WOLGAST
IS IN GOD CONDITION.

Dutchman's Chances in the Coming Battle Depend Entirely Upon His Condition as Do Those of Rivers. Jimmy Dime Goes North—Willard May Meet McMahon—Doyle's Friday Night Card Looks Good.

BY DE WITT VAN COURT.

A D WOLGAST, the little Dutch demon, arrived yesterday afternoon on the Santa Fe line, accompanied by his wife and Freddie Andrews, a Milwaukee lightweight, who is to be his sparring partner for his coming match with Joe Rivers on the fourth of July.

If looks count for anything, Wolgast is right for the contest at the present time. He never looked better in his life and says he has been leading the simple life for several weeks on his farm near Cadillac, and he surely looks the part.

"I will beat Rivers sure this time. I am right and will be in good condition when I start for that contest," said Ad as soon as he got off the train.

Wolgast will start for Wheeler's Springs in a few days to do some roughing before he starts at Jack Doyle's on the training grind for the match.

Joe Willard, Tom Jones, Glenn Jones, brother of Tom; Willie Rooney, Luther Brest and Harry Hurt greeted the little Dutchman as he stepped off the train.

Barney Purrey, the noted Hawaiian trainer and all-around athlete, was sent ahead to Los Angeles and will train Wolgast for his coming bout. Purrey trained Jack Johnson and many other noted athletes, and Ad Jones may be the best ever in his line of work. Purrey has been with Wolgast ever since he left the Coast.

Hobo Dougherty, Wolgast's former sparring partner, will box with Ad one week from this coming Sunday at Jack Doyle's.

Need to Train.

The coming contest between Wolgast and Rivers depends entirely upon the condition the boys train them. They have been trying to get together ever since their last meeting, and as there is no love lost between them, it will surely be a tough contest if they each train as they should.

Nether is stuck on training and they will offer any and all kinds of excuses to avoid the hard grind of the training camp. Still it is up to them, as every boxing fan will watch each and every move they make and keep close tab on each their doings, and it will surely mean something in doing so.

Rivers never trained in his life as he should except when he met Wolgast at California Frayre, the San Francisco lightweight, was matched to meet Dalton, but hurt his hand boxing with one of his sparring partners, and his manager, Steve Quirey, decided to choose between the boys if neither trains as he should. If they both

train as they should there will still be little to choose.

The greatest trouble with many of the present-day fighters is that they do not do half enough work to get into good condition. They loaf on every and any occasion and try to make the fans believe that they do not need the work.

If it were possible to place each boy under the eye of Jimmie Dime and allow him to condition both, then we might go to the Vernon arena next Fourth of July and feel that we would get a run for the money. The present-day fighters make their money too easily and are often too lax to train as they should.

Now, you Ad Wolgast and Joe Rivers, get busy and show us what you both claim you are going to do.

Dime Going North.

Jimmie Dime leaves today on the steamer Yale for San Francisco with George and Joe Chip and Tom McMahon. George Chip is to meet Billy Murray on the fourth of July. Dime leaves a lot of well-wishers here in Los Angeles. His methods have been all to the good and his style and that his fighters have been clean-cut and honest, and many of the local fans will send a wad of money up to the northern city to place on Chip when he hooks up with Murray.

Dime's methods are of the highest grade, and if all the managers and trainers were as honest and as square as Dime there never would be the slightest protest against the boxing game. Good luck to you, Jimmie, and all your boys.

Heavies to Meet.

Joe Willard and Tom McMahon will probably meet here the latter part of July. They met a few weeks ago back East and McMahon was given the decision, although Tom Jones and Willard claim the big fellow should have been given the verdict.

This should make a good match, as McMahon is a very aggressive fellow with a hard punch and bars no one in his class.

Doyle's Card.

Karl Mohan, matchmaker for Jack Doyle's Friday-night show, has made the following matches for Friday night: Ed Garry and Paddy Willie, 118 pounds; Dummy Jordan and Sailor Mason, 125 pounds; Frankie Dolan and Charlie Woods, 116 pounds; Kid Blue and Harry Wallace, two colored heavyweights; Benny Yanger and Young Kelsell, 122 pounds; and Kid Dalton and Danny Cullen as a main event at 135 pounds, besides a battle royal between five colored boxers.

Wolgast's Frayre, the San Francisco lightweight, was matched to meet Dalton, but hurt his hand boxing with one of his sparring partners, and his manager, Steve Quirey, decided to choose between the boys if neither trains as he should. If they both

train as they should there will still be little to choose.

The greatest trouble with many of the present-day fighters is that they do not do half enough work to get into good condition. They loaf on every and any occasion and try to make the fans believe that they do not need the work.

If it were possible to place each boy under the eye of Jimmie Dime and allow him to condition both, then we might go to the Vernon arena next Fourth of July and feel that we would get a run for the money. The present-day fighters make their money too easily and are often too lax to train as they should.

Now, you Ad Wolgast and Joe Rivers, get busy and show us what you both claim you are going to do.

Dime Going North.

Schools and Colleges.

St. Catherine's School for Girls

422 West Adams street, opposite Chester Place. Third year opens September 1st. The school is a day school for girls preparing for college. The principal is Miss Thomas. The school is open to girls of all ages and nationalities. The school is open to girls of all ages and nationalities. The school is open to girls of all ages and nationalities.

URGES ACTION BY CONGRESS.

Floods Spell Danger to Imperial Valley.

Col. Randolph Points Out the Remedy.

Would Restore Colorado to Original Channel.

The lower part of the Imperial Valley is being weighed in the balance of fate. Instant action is necessary. Congress must be petitioned at once to appropriate \$1,000,000 to restore the Colorado River to its original channel. Half measures will imperil property conservatively valued at \$50,000,000. Fresh from the valley, where he has his most direct personal knowledge, Col. Epes Randolph, president of the Southern Pacific of Mexico and the man who saved the valley from inundation in the previous campaign of the river, sat in his private car at the Arcade Station last night and expressed his mind on various matters connected with the handling or mishandling of the river.

"I cannot too emphatically emphasize," he said, "the necessity for action by Congress. The people of the Imperial Valley and of Southern California must demand an appropriation by Congress of \$1,000,000 to extend the present levees for thirty-five miles below Hanlon's Heading. They must act quickly, for Congress will probably not meet in July. Unless they act," Col. Randolph continued, "the levee will not be built and the floods of the coming year will fill the Salton Sea, 145,000 acres of cultivated land will become desert, and the fate of the rest of the valley will hang on a thread."

These are not idle predictions, but the result of long study of conditions. Another year, unless the river is restored to its original channel, will see the valley in the same condition that it was before man put his hand to the work of making habitable a vast section that had been desert.

FACTS AND FIGURES.

Col. Randolph's prediction has the backing of facts and figures painfully collected and at large cost. The Colorado River is a silt-carrying stream. It, as Col. Randolph stated, will always run on a ridge. Its tendency is to rise above a country that is one of depression. The Salton Sea being 235 feet below sea level. As it builds up its channel, the danger increases of a break which will throw it back into those low places, cutting irrigation ditches and overrunning acres now fertile. The only solution is to preserve a channel for it to the ocean by a levee adequately policed and which will forever assure the valley a sufficient water for irrigation purposes.

"If it isn't put back before the next high water," reiterated Col. Randolph, "all the water will drop to the Salton Sea and the irrigating ditches will be cut in two."

The irrigation ditches to the west will first be cut in two, according to Col. Randolph, cutting off from water about 145,000 acres now irrigated. A secondary tendency and one of greater harm will be for the river to lower its level in reaching the depression of the Salton Sea so that Yuma, which is left on a bluff thirty feet in height and the gates at Hanlon's Heading will be left dry at twelve feet above the river.

PEOPLE'S CAUSE.

Col. Randolph's appeal is that the people of the Imperial Valley and Southern California ask Congress immediately for \$1,000,000 to be used in constructing a levee, thirty-five miles long, extending south from the end of the present levee, fourteen miles below Hanlon's Heading.

This levee, he says, will forever prevent any possibility of the river invading the Volcano Lake district and finding outlet therefrom to Salton Sea and thus imperiling the canal system of the California Development Company. As part of this levee, Col. Randolph suggests a railroad line on its summit to assure its protection and policing. His state last night that policing and maintenance should not cost in excess of \$20,000 a year.

The danger of the present half-way measures is apparent. Estimates from the present flood flow of the Colorado River and the average amount of silt carried, Volcano Lake is certain to rise to sixty-seven and one-half feet above sea level. Salton Sea, 235 feet below sea level, is fifty-eight miles away. The waters will take the path of the maximum depression, which will carry them, as Mr. Randolph pointed out, as a racing tornado of waters into Salton Sea, carrying out irrigation ditches in their path.

WATERLESS EDEN.

Then as Salton Sea fills up the river will fill that sink and in time begin its progress backward to the old channel. But while it is progressing backward the Imperial Valley will be waterless Eden, for the Hanlon's Heading gateways will be dry of water, the river running below and the water will spread itself over a vast territory now high and dry and fertile through the Imperial Valley. The Colorado River is carried to it through the Heading.

Three years ago Col. Randolph estimated that the mean flow of the Colorado River would raise the level of Volcano Lake four feet a year by siltage. The level of the lake has risen over ten feet in two years. He also said at the same time that in four years the ground level of the lake would be built to a point where the extent east and west levee would be no protection.

His prediction has been fulfilled in less time, for the water at the last flood tide broke through the levee. Luckily the break was eight miles from the west end of the levee and this afforded it facility to spread gradually over a slightly-falling and thirty soil, which absorbed it in part before it reached New River. Had the break occurred at Arroyo Lopez, as the first announcement had it, the danger would have been increased. Had it occurred at the west end of the levee, Col. Randolph pointed out, there would have been no way to prevent the running 100,000 second feet of water from dropping into Salton Sea and "drowning" 145,000 acres of the most fertile land in the valley.

DOES THE UNBELIEVABLE.

Through an aperture in a rear window so small that only a boy could get through, a burglar gained entrance to the store of the Henry Guyot Hardware Company, Inc., at No. 150 South Main street, early Tuesday morning, and obtained \$20 from the open cash register and \$2 in stamps. The intruder was out by broken glass and left several finger prints on the cashment.

Bunco Man Goes Up.

(Continued from First Page.)

for having performed their duty conscientiously.

Byrnes, who posed as a ranchman in the San Fernando Valley, is a gray-haired, underlined man with close-set mouth. He was the pal of Lee Rial, who was sentenced to ten years at San Quentin on the Friess case. He was arrested at 27th and Hill streets as he was endeavoring to get Friess out of town. Byrnes was apprehended by Detectives Ingram and King after a pursuit of several months.

He denied his guilt, and sought to establish an alibi, saying that he was on his San Fernando ranch at the time Friess testified he operated the telephone at the fake Venice poolroom. Other witnesses called corroborated him. The gang had the year previously operated a fake poolroom at Hermosa Beach, where J. A. Towling of Spokane was buncoed out of \$5000 and A. N. Koehler of Spokane sunk \$1500 on the fake races.

INVEIGLING VICTIMS.

The methods of the bunco gang were ingenious. The victim, usually of the former type, was approached by a plausible stranger who made his acquaintance, invited him on a trip to the beach, and after seeing the sights, led him to the spot where a confederate was resting. The stranger pretended to recognize him, and after a few words of conversation, consented to lay a small bet.

He returned with the winnings. Then he agreed to try his luck again. The winnings were doubled and finally he suggested that the steers and the victim win him a little money. The victim, usually up to what cash he had with him and given a sure winner by the confederate, the money was bet in the fake poolroom. The sure thing was the bet was doubled and the sure thing backed. Luck was with the gambler. At this stage the victim was asked to put up money equal to the amount he would have had to pay if he lost.

Friess had put up at first \$40 cash, then a draft for \$100 and finally a certificate of deposit for \$5000 to cover his winnings. He made no payment on the certificate, which has never turned up. After skinning the victim the next step of the gang was to get him out of town. Friess was sent to Yuma, the most honest Rial, and he was so conscientious about it that he would not tarry by the way. Rial was on the point of securing Friess to Chicago.

The courts instructions pressed home the point that the prosecution must establish every fact, and that a conviction could not be unless the jury was convinced beyond a reasonable doubt that Byrnes had committed a crime, namely, that he stole the property of G. F. Friess.

The jurors retired at 4:35 o'clock, deliberating until 5:45. Then they were taken to dinner at the Hotel back, returning to Department Three with the verdict at 8:35.

The jurors are: John C. Bessard, Los Angeles; C. Brown, Los Angeles; George W. Coolman, R. M. Douglas and O. C. Willoughby, Colima; George Drake, Van Nuys; Charles Hyde, Chester; A. Taylor, William E. Reid, F. W. Taylor, Los Angeles; C. F. Parker, Glendale; Thomas J. Sutton, Azusa.

FISTS, GUNS AND BLACKJACKS USED.

MAN LURED TO WOMAN'S ROOM, ROBBED AND SEVERELY BEATEN.

The savage jealousies and cruel revenge of the underworld were revealed in the arrest last yesterday afternoon of George Palmoules, owner of a Greek coffee club at No. 223 1/2 East Fourth street, Peter Olivas and Mrs. Mabel Thompson, for an attack upon William Burkhardt, a boxmaker of Riverside, in which fists, guns, and blackjacks were used.

Last week the woman met Burkhardt, who came to the city with his savings in his pocket. Burkhardt's visit to her was secret that Palmoules, her constant mixer, was told. When Burkhardt proposed a trip to San Bernardino the woman went with him, but after four days returned to the city and to this level.

Yesterday Burkhardt telephoned to the woman at her rooms at No. 325 West High street at a time when Palmoules was with her. Palmoules demanded to know who was on the wire, and when told the woman was ordered to invite Burkhardt there.

Burkhardt arrived and he says the woman was alone and greatly excited. They are going to kill you," he says he was told.

A door then was swung open and Palmoules and Olivas entered. Each had a gun and an ugly blackjack. Without hesitation, Burkhardt alleges, they proceeded to maul him. While Olivas held him down the other beat him. Burkhardt, who held a gun, Burkhardt asserts he put up no resistance. His watch was taken from him, he says, and when his assailants learned that the man he was with was to have been in pawn, the two Greeks set upon him with renewed vigor.

The lengths to which the attack was carried is a matter of record in his life. For answer Palmoules struck him on the jaw with the blackjack, Burkhardt declares. But at the Police Station, where the men were taken by Detective Beaumont and Officer Hook, the woman in the presence of the Greeks declared that it was Burkhardt who struck her.

WOMEN THE WINNERS.

Register Bureau and Receiver Robinson of the local Land Office yesterday decided two land cases, both in favor of the contestants. The first was that of Charles J. Ecklund against Nellie I. Thompson, involving 230 acres of land, located near Dismal, Imperial county. It was claimed that Mrs. Thompson had not done the necessary amount of reclamation work, but this was not established to the satisfaction of the officials. In the action brought by Ecklund against George D. Price and Margaret F. Dudley, involving 160 acres of desert land near Imperial, the charges against the contestants had conspired to deprive the contestant of her rights to the land, but this did not appear. A \$25,000 bond was given for all his rights to Margaret F. Dudley, she gets the land.

CHILDREN SUE RAILROAD.

An action was filed in the United States District Court yesterday by Edward J. Joseph T. George D. and Arnes Connolly, children of Edward J. Connolly, deceased, against the Atchison, Topeka and Santa Fe Railway, for \$5000 damages by reason of the death of Edward J. Connolly, Sr., a brakeman on the road at La Junta, Colo. It is alleged that the accident was due to the negligence of the corporation defendant, in not making a bridge safe, the going down of which resulted in the death of Connolly.

Established 1889.

Assets Over \$3,700,000.

Go On Home Industry

The industry of your neighbors will pay you a profit.

The object of this institution is to provide industrious and ambitious citizens of this community with needed funds to help build permanent homes for themselves.

Money invested with us is used for this purpose and the homes of the borrowers are accepted as security after a careful investigation not only of the property but of the character of the borrower.

By investing your surplus funds with us you will receive a profit from the industry of these builders of prosperous homes and at the same time aid them materially.

The safety of such an investment is proven by two facts. First—we seldom ever have any real estate on our books taken through foreclosure. Second—in 24 years no one has ever lost a dollar invested with us.

Our Investment Certificates are issued in multiples of \$100.00 and yield 6 per cent. interest payable semi-annually.

SIX PER CENT AND SAFETY

As "Times" Guests.

GET INTO LINE FOR CATALINA VACATION!

BOYS, where do you spend your summer vacations? If you have been in the habit of spending your vacation at The Times Catalina Camp, you know what ideal camp life and an exceptional vacation is.

To the industrious boys of our Sunny Southland who would like to be awarded one of the very best of vacation outings let us say that the time of your young life is awaiting you at The Times Catalina Island Camp for boys.

If we can by printed word give you but the faintest suggestion of the charm and beauty of Catalina Island, of the enjoyment and benefits to be obtained, there we know you will surely visit us for as long a stay as possible.

The swimming in the beautiful bay of Avalon, just three blocks from the camp, is a great pastime for the young Times campers on the warm summer days.

There are rafts to play on, springboards, and all sorts of diving apparatus at their disposal and, for those that have not acquired the art of swimming, is the shallow water marked off by life lines.

The beach that has never been known to have an undertow, the most famous of California's still-water bathing beaches is there for the young guests of The Times Camp to enjoy.

For the boys of climbing proclivities are the hikes in the beautiful hills around the camp in search of wild goats which inhabit the island. This is a rare sport, one in a class by itself.

The Los Angeles Times has offered a handsome bronze loving cup as a prize to the boy who succeeds in capturing the first goat of the season.

Bring your cameras along with you and photograph the scenery, unrivaled anywhere in the world. There will be prizes offered by The Times for the best pictures taken on the island.

A committee composed of camp boys will decide the winner. But these are not the only prizes offered. There will be others for the ball game, track meet and the various outdoor sports.

All of these enjoyments are made possible by the Los Angeles Times for the boys who secure six new subscriptions to the Sunday and daily Times for one month and thereafter until ordered stopped. For every six new subscriptions received the campers to Catalina and return, all expenses paid.

Call or write for the illustrated circular, containing information regarding this exceptional vacation offer by The Times. Subscriptions and letters requesting information regarding the Times Camp have been flooding the office and the camp promises to be even better than that of last year.

Chiefs of Charities.

(Continued from First Page.)

on of the work along the lines originally laid down is assured.

The council is composed of all charitable organizations approved by the Municipal Charities Commission and is the direct outgrowth of a desire on the part of legitimate charities to place their work on a strict business basis. Various up-to-date organizations were present at the meeting.

J. S. Andrews, who has been brought here from Ohio to take charge of the campaign to raise \$100,000 for the United Charities, addressed the delegates. This money will be an endowment fund for relief work. A clause in the incorporation papers of the society, which itself has no capital stock, permits the raising of this fund.

ADAMS HEARING IN JULY.

Lieut. David L. Adams of the police department will be given a hearing before the Police Commission on July 7 on the charges made against him in a suit for \$15,000 damages brought by Hamlin. In his complaint, filed in the Superior Court, Hamlin charged that Lieut. Adams had alienated the affections of his wife, Velma A. Hamlin, in his complaint against Lieut. Adams, in company with three other policemen and two women, the party remaining over night at a hotel there. Lieut. Adams has been suspended from the police department pending the hearing.

BREAK BURNED MATCHES.

Some close observer of humanity has written a chapter in the rules governing the use of matches in the national forest, so as to avoid all danger of fire. The original rule read as follows: "Be sure your match is out before you throw it away; matches whose heads glow after the flame is out are dangerous." The new rule reads: "Be sure your match is out. Break it in two before you throw it away." Did anybody ever break a match when it was lit? Haven't you noticed that one waits until it is out before he breaks it? Don't you?

Numerous Victims.

(Continued from First Page.)

sidewalk to meet her mother, who was returning from a shopping trip, and as the child passed the Black home, Bruno rushed out and leaped at her. With a scream, the little girl clung to her mother's skirts. Mrs. Croft, lifting her daughter in her arms, tried to ward the dog off, but the animal, leaping at her, tore at the legs of the screaming child.

Dr. Durfee stated yesterday that little Evelyn was bitten so deeply that he could lay a finger in her wounds, there being four serious ones and several minor scratches. The little girl is still confined to her bed, but is doing well.

When Mrs. Black found that her pet had bitten the little Croft girl, she called a patrolman and had the dog shot.

Mrs. Fogel stated yesterday that, while she is a firm believer in Christian Science, her son had become afraid through hearing the talk about rabies and she had consented to his taking the Pasteur treatment. Earl makes the trip to the City Health Department alone and is considered by the authorities as a very plucky little fellow. He is practically out of danger.

Little Evelyn's mother said yesterday that her child is improving daily and that she would be able to stand in a week's time. Both Mrs. Black and Miss Van Every are also recovering from the shock of the attack.

FOR FIRE PROTECTION.

Boys at Y.M.C.A. Will Be Given Talk on Methods by Government Forestry Men.

William C. Hodge, Jr., in charge of the bureau of publicity and educational work in the office of the District Forester at San Francisco, will deliver an address at the Y.M.C.A. Saturday evening, on the subject of forest protection and fire. It is desired by the forest officials to acquaint the young people who intend going into the mountains during the coming summer vacation with the methods of caring for fire and how to avoid them.

MONTROS

MONTROSE, the Suburb Beautiful, up in the foothills, possesses distinctive charms and unusual merits. It's different; it's wonderful. The picturesque Sierra Madre Mountains on the north and the beautiful Verdugo Mountains on the south; hills rising above hills; peaks above peaks, makes it a miniature Switzerland in scenic beauty.

And the elevation gives you the COOL, BREEZY, INVIGORATING air that puts new life and blood into your veins. That's Montrose, with every modern convenience at your command—up in that beautiful valley just north of Glendale and just west of Pasadena. It's only 12 miles north of Los Angeles, with wonderful paved boulevards and electric cars all the way. And in those short 12 miles you rise 1100 feet higher than Los Angeles, and arrive at one of the most picturesque spots in Southern California.

More than \$100,000 improvements already in. Many thousands more to be spent. A \$200,000 water system furnishes finest, pure mountain water, with 200-foot pressure and more than 1,000,000 gallons capacity daily. Montrose is a delight to the eye and heart; an inspiration to the soul. Ask those who are living there now in their pretty homes. Our prices are reasonable and sensible, and our terms very easy. So it's your own fault if you don't have one of those large, roomy lots. Let us take you out or phone us for directions. Agent at Trust Office daily.

Pen Points: By the Staff

Mr. Tom is not saying a word. There is a little lip in Lipton.

Mr. Huerfano wants to die in the last office in the Panama Canal.

Why not abolish Congress and let the president Wilson the whole world?

Why doesn't some poet embody the poets in more or less deathless verse?

We will admit that the sunshine of California is purely psychological.

The bases are full at Niagara Falls. President Wilson a good place better in there?

Somehow, the Democratic party never agrees with itself much better than the United States.

When it gets real warm in Los Angeles, how will the ladies dress? Some inside the city order now.

With the expected big crop of tobacco from the State Prison Farm there will be no lack of Havana cigars in this city.

Steamship war between Los Angeles and San Francisco is threatened. President Wilson is willing to be the innocent bystander.

Why, the mediators are having a hard time admitting the scenery at Niagara Falls. How are they making it with the mediators?

Red H. Hall of Bakersfield, Democratic candidate for Governor, is touring the State in Southern California. It is a good exercise and Hall needs the exercise.

At C. Goodwin has just celebrated the anniversary of his wedding to his wife. And says she is the sweetest in the land. And that is just what Nat said to her four.

Tom Lipton's racer will sail under the name of his own name. Her name will strike no iceberg, as is rumored by another Storstad.

Having been urged by many of his friends to enter the field, I reluctantly accept my candidacy for, etc., etc., etc., the end of the first reel; No. 2 will follow immediately.

The Methodist clergy of this city are supposed to be dancing in the streets. There is dancing and singing. It all depends on the variety of the readings.

The bill of Congressman Bitter is forbidding members of the House of Representatives to become a Secretary of State.

Mr. Maud is coming back to the city after another tour. No. 2 will follow immediately.

Happy Days.

BABIES ENJOY A TRIP IN "THE TIMES" TRUCK.

TOO SMALL to be taken even on the merry-go-round, that safest of all safe concessions at Venice, fourteen little children who accompanied the older ones on The Times Joy ride to the beach yesterday, were placed in charge of a teacher and spent a happy afternoon playing on the beach and building houses out of the shining white sand.

The other thirty-nine boys and girls had the times of their lives and kept their teachers busy looking after them. The children from the Hewitt-street school were taken yesterday in the big Times auto truck and given the day's outing at Venice. Yesterday there were several youngsters who were frightened enough to take along their bathing suits and they enjoyed a swim in the ocean while the others contented themselves with wading knee-deep in the cool surf.

Then came the picnic on the sand and even though sand dunes have a way of sitting into lunch boxes when it isn't wanted, the lunch which the youngsters took with them never went a-begging and all took the keenest enjoyment out of the simplest fare, which was eaten to the accompaniment of the rolling waves. Then, as yesterday, the party was divided into two branches, and each division placed in charge of a teacher was conducted through the various concessions.

Coulter's Annual June Sale
La Grecque Tailored Undermuslins in the June Sale
At No Higher Prices Than Ordinary Styles

La Grecque Muslins owe their popularity to the fact that they are tailored, as carefully as any tailored suit you ever wore. They fit accurately and gracefully; the materials of which they are made are superior in every way to those ordinarily found in undermuslins, the trimmings are daintier (yet durable as can be) the stitches are firmer, the entire appearance is better. Yet we place these celebrated garments on sale at prices which bring them within any woman's reach, at no higher than she would have to pay for the next best sorts:

Combinations
were \$2, now \$1.25.
were \$2.50, now \$1.50.
were \$3.50, now \$2.00.
were \$4.50, now \$2.50.

CITIZENS KICK
ON TESTIFYING.

Not Permitted to Tell All
Truth, They Assert.

Hotel Maryland Fire Being
Closely Investigated.

Gets Only Umbrella and Shoes
Out of Inheritance.

(LOCAL CORRESPONDENCE.)

PARADISE, June 18.—The investigation of the fire department demanded by the Taxpayers' Protective Association was begun before the City Commission at the City Hall, yesterday afternoon, but was branded a one-sided investigation by some of the members of the association who gave their testimony under protest because, they said, their plans had been thwarted when the Commissioners ruled that the inquiry should not extend to a time prior to the coming into effect of the present regime.

"The only reason that I am giving my testimony at all," said W. H. Reeves, one of the taxpayers, "is that I understand that the Commission has the power to subpoena me should I refuse to testify here at this one-sided investigation."

"This is not a one-sided investigation," retorted Chairman Metcalf of the Commission, who presided.

Reeves declared that Chief Clifford of the fire department had been derided in his duty not to have forced D. M. Linnard, manager of the Hotel Maryland, to safeguard the hotel against fire in a more efficient manner, a point with which Assistant City Attorney Howard declared the Chief had nothing to do, as the fire ordinance makes all such provisions.

"It is fortunate that a whole lot of innocent people were not burned to death in the Maryland fire," continued Reeves, "and it will be fortunate if this doesn't happen when the next hotel burns."

W. D. Medill, a former fire commissioner, testified under protest because he was not allowed to go back of the limit set.

"It is unfair," he said, "both to the Taxpayers' Protective Association and to myself, to deny the right to go back of the limit set. I don't think it is fair at all. The fighting of one fire doesn't make a fire department any more than one swallow makes a summer. You put me under oath and then refuse to let me tell the whole truth."

One of the first witnesses to be called was Linnard, who said that he had gone into the hotel with the firemen after the fire had started, that he had been with them for three hours and that they had done everything he asked them to, except where good reasons were given for not doing so.

Priest H. H. Hartley and another testified that the fire had, in his estimation, been handled as it should be. Dr. Coates also testified. He said that he had resuscitated five firemen the night of the fire. Other witnesses were Leo J. MacLaughlin, Adolph C. Corson and Theodore Skalaroff. The hearing at 9 o'clock was continued until 9 o'clock this morning.

GETS UMBRELLA AND SHOES.

Robert Byers of No. 2001 North Raymond avenue, a machinist, who was arrested yesterday at the request of his wife, who said that he had threatened her life, testified before Judge McDonald that he was the one to be pitied, as his wife had not spoken to him of her own initiative for four years and that out of 1860 that he had inherited he had for himself only an umbrella and a pair of shoes. He declared that the woman had spent the rest.

He said, however, that he did not

care about the money, but that it was because his wife would not speak to him he "would go almost crazy," at times.

The man was sentenced to serve thirty days in the County Jail and the sentence was suspended on a promise of the couple to get along better.

BURGARS ARE PERSISTENT.

A report was made to the police yesterday that twice in the last two weeks attempts were made to burglarize the home of Dr. Webster Merrifield at San Rafael Heights.

The second attempt was made last Tuesday night, when D. G. Dyck, the gardener, came upon two men trying to open the front door with a jimmy. His dog saw them at the same time and began to bark, at which the burglars fled.

San Rafael Heights in the last year has been the scene of a number of burglaries and the prospect of better police protection was one of the objects urged as an incentive to join Pasadena at its annexation election recently held there.

RANCHER JAILED
WITHOUT BAIL.

NEIGHBORHOOD QUARREL ENDS
SERIOUSLY ON DEATH OF
REALTY MAN.

(LOCAL CORRESPONDENCE.)

SANTA ANA, June 17.—Frank C. Kent, a Garden Grove rancher, was arrested today on a charge of killing I. O. Wilson, a real estate man. Wilson died last Friday of what the coroner's jury said was an injury received on May 13 when he was struck over the head by Kent, who used a garden rake as a weapon.

Ray Wilson, son of I. O. Wilson, swore to the complaint. Kent was brought in and his attorneys, H. C. Head and W. M. Brown, made a hard fight to get Justice Cox to fix bail. Cox refused, saying that as he construed the law, a man charged with murder could not be admitted to bail.

Dr. C. C. Violet of Garden Grove declared that Kent ought not to be confined in jail, if his physical condition is considered, but that he was suffering from internal injuries that Kent may have received during the fracas with Wilson.

The Board of Forestry of Orange county has purchased 12,500 seedling ornamental trees to be potted and placed in the forestry nursery, which will be started here. The price paid is \$230. In addition to this, 2000 cedar seedlings have been bought for \$150.

Formal opening Coronado Tent City Sunday, June 21. Concerts afterwards and evening rowing race. State championship rowing race, July 4.—[Advertisement.]

FIND A MINE
IN THE STREET.

(LOCAL CORRESPONDENCE.)

SAN BERNARDINO, June 17.—Out at Atolla on the desert a rich strike of tungsten ore has been made in the middle of the main street, where for years miners have trod back and forth between the saloons while at work in the tungsten mines. The discovery of the vein was made by Cook and Lopez, who have already taken a lease there. The ore will run as high as 60 per cent, according to the report which came in today.

THE THERMOMETER HOVERS AROUND 70 deg. all summer at Coronado Tent City, just the right temperature to enjoy out-of-door life on the beach.—[Advertisement.]

NEW RAILROAD?

POMONA, June 17.—A number of prominent ranchers living southeast of here in the great alfalfa and dairy country which has so rapidly extended during the past three years, are seeking to secure better facilities either through the extension of the Salt Lake or the Pacific Electric Railway into the Pomona country.

E. A. Boat, formerly of this city, and W. A. Johnston of San Dimas, have large ranches in the Pomona locality, are prominent in the movement with Wood Bros., the Sterling Milk Company and others. It is said that the Pacific Electric could extend its lines southeast from its terminus on East Fifth avenue here through the Pomona country to Corona. Steps are being taken to see what can be done toward securing the necessary rights of way for such a road.

POLICE IN TIME.

(LOCAL CORRESPONDENCE.)

GLENDAL, June 17.—Patrolman Lawrence arrived at the High School auditorium in time last night to prevent a crowd of boys from breaking up the play, "As You Like It."

These boys, active in quest of fun, dragged ladders to the windows and as well as for the players. The officer found the boys in high heels, throwing articles upon the stage and keeping up such a racket that it was impossible for the audience to hear the lines or for the players to do their parts. The curb meeting was adjourned.

POMOLOGICAL CLUB.

(LOCAL CORRESPONDENCE.)

POMONA, June 17.—Arrangements were made for the last meeting of the Claremont Pomological Club, to be held in Ganesha Park on Saturday, when it will take the form of a basket picnic. State Senator N. W. Thompson will give facts and answer questions regarding the subject of cultural subjects in the public schools. It is expected State Horticultural Commissioner Cook will address the club.

MOTHER EARTH
GETS BIG JOLT.

Forty Tons of Dynamite Set
Off in Quarry.

Mountain Uplifted by Force
of Heavy Explosion.

High School Bonds Accepted
and Money Is Ready.

(LOCAL CORRESPONDENCE.)

SAN BERNARDINO, June 17.—Eighty thousand pounds of dynamite, with one exception, the largest charge ever exploded in the State at one time, was set off this afternoon at 2:15 o'clock at the quarry of the California Portland Cement Company at Silver Mountain, near Colton. General Manager T. J. Fleming of Los Angeles, a pioneer in heavy blasting, directed the great shot.

The explosion was declared to be perfect and thousands of tons of rich lime rock boiled up from the mountain side providing enough material to supply the huge plant for years.

Several hundreds of persons witnessed the blast from afar. Half of the mountain-side lifted as if from a mighty earthquake and rolled down the grade, breaking and ripping like the crest of a gigantic wave at sea.

In the record of blasting in the State was set at Crestmore recently when sixty-six tons of powder was used.

The \$250,000 in high school bonds have been accepted by the bond association and the money with \$325 premium will be paid into a local bank in the hands of the county treasurer.

It is the welcome news received by the Board of Education and it means that the final plans and specifications will be rushed through and the school opened by August 1.

The bonds are now being signed by the Board of Supervisors and will be in the hands of the buyers before the first of next week, it is expected.

NOTED PHYSICIAN VISITS.

Dr. F. Fehleisen, famous physician and surgeon to Emperor Frederick III of Germany, is a guest of Herman and Arthur Harris and today made a trip to Pinescrest to see the beauties of the San Bernardino mountains and be entertained by Drs. J. N. Baylis, G. R. Owen, and D. C. Strong, representing the San Bernardino County Medical Society.

OFF ON PROBATION.

(LOCAL CORRESPONDENCE.)

SANTA BARBARA, June 17.—James Shepard, charged with grand larceny in having stolen a sorrel team belonging to the Stanwood stables, pleaded guilty in the Superior Court yesterday and was released on probation for two years, being turned over to the guardianship of his father, Summerfield Shepard, a prosperous resident of Ventura. Shepard rented the team for a time and then continued on to Ventura, where he was caught.

CONTRABAND CHINESE.

(LOCAL CORRESPONDENCE.)

SAN DIEGO, June 17.—There are fifteen contraband Chinese in the County Jail awaiting deportation. Eight were taken by the officers by local officers, when more than \$2000 worth of opium and smoking paraphernalia were found in a Chinese woman was among those fined.

MINISTER MARRIED.

Albert L. T. Ewert, D. D., of Bloomington, Ill., and Miss Mary Etta Ervin, a cousin of the late Oscar Ford, were married today at the home of the bride's sister, Mrs. S. H. Ervin. The ceremony was performed by L. D. D. V. Church, the groom's superintendent of the Illinois M. E. conference. The couple left this afternoon for the East.

CAR ROLLS OVER TWICE AND
SEVERAL ARE INJURED,
NONE SERIOUSLY.

(LOCAL CORRESPONDENCE.)

VENTURA, June 17.—An automobile party returning from Santa Barbara to this city Sunday evening was upset on the Rincon beach, and all the members excepting one were more or less bruised.

Will Ramell's chest-bone was fractured, wrist sprained and body bruised; John Green's left shoulder was dislocated and his body bruised; Ernest Perand was severely injured; Clarence Coffman's face and hands were cut; Charles Burrows was the only occupant of the car who escaped injury.

The car was a 1913 Buick, driven by George L. Barnes, of Santa Barbara. The car took a header on a sharp curve. It rolled over twice.

James Albert Morse, known here in former days as "Yank" Morse, a pioneer of this city, passed away in Oakland on Saturday. He was aged 52 years, and a native of Maine. He was married to Mrs. Linnie Morse Barr of Oakland.

George W. Hitch, a Mount farmer, is in the hospital at Oxnard suffering from ptomaine poisoning, brought about by the eating of beans left standing in a tin vessel for several days. He was stricken in his field and fell while at work, but was able to crawl to a neighbor's house, where help was secured.

ILL FOR MONTHS.

(LOCAL CORRESPONDENCE.)

COVINA, June 17.—Mrs. George Griffith, wife of the owner of "Roselands" ranch on Lark Ellen street, died yesterday at a Los Angeles hospital as the result of an operation. She had been ill for some months. The arrangements for the funeral have not yet been made.

FOUND DEAD IN ROOM.

(LOCAL CORRESPONDENCE.)

GOOSE KILLS
BULL TERRIER.

TULARE, June 17.—A goose belonging to C. E. Doffmeyer recently killed a sturdy bull terrier. The goose and the bull terrier engaged in fierce combat; the dog secured a death grip on the left leg of the goose but the goose, holding the dog fast by the ear, and in spite of the weight of the terrier and the awkward hold which he had obtained, dragged the dog to the irrigation ditch and plunged into the water and held the dog's head submerged until his death ensued.

RIVERSIDE.

TAXPAYERS ASK
FOR ELECTIONS.

FIFTEEN FREEHOLDERS DESIRE TO FRAME CHARTER.

Date to Be Coincident With
Primaries for Economy—Cement
Quarry Closed for Few Weeks
Because Summer Heat Affects
Men—Chinese Heavily Fined.

(LOCAL CORRESPONDENCE.)

RIVERSIDE, June 17.—The proposition of the election of a board of fifteen freeholders to frame a county charter was considered by the Board of Supervisors today, following the filing of a petition containing 125 names, asking for an ordinance calling for such election.

In the interests of economy the board will probably submit the question on the date of the August primary election. The Taxpayers' League is behind the movement. This organization has had an attorney in its employ for some time to prepare the proposed charter of the Board of Supervisors.

The report made to the league was to the effect that the interests of the taxpayers would be served by a radical change in the methods of handling public business, which a freeholders' charter would make possible.

CLOSE CEMENT QUARRY.

A rumor abroad today that the Riverside Portland Cement Company would shut down its huge plant at the first of the summer, it is expected, in the announcement that the quarry supplying the mills would be closed for a period of about six weeks. This decision was reached because of the difficulty experienced in retaining efficient help in the quarry during the heated period. The glaring sunshine, together with the dust, makes the quarry work particularly trying in the summer time. About 100 men are employed there.

Preparatory to the closing down of this portion of the plant, the company has produced upon the payroll the past two months. As a result there are now on hand a half-million barrels of clinker.

The company is now supplying rock for building and road construction purposes, will be operated throughout the summer.

FINES FOR CHINESE.

Fines ranging from \$100 to \$500 and aggregating \$1200 were imposed today upon eight of the Chinese who were caught in the raid effected last Saturday by State officers assisted by local officers, when more than \$2000 worth of opium and smoking paraphernalia were found in a Chinese woman was among those fined.

MINISTER MARRIED.

Albert L. T. Ewert, D. D., of Bloomington, Ill., and Miss Mary Etta Ervin, a cousin of the late Oscar Ford, were married today at the home of the bride's sister, Mrs. S. H. Ervin. The ceremony was performed by L. D. D. V. Church, the groom's superintendent of the Illinois M. E. conference. The couple left this afternoon for the East.

CAR ROLLS OVER TWICE AND

ILL FOR MONTHS.

(LOCAL CORRESPONDENCE.)

COVINA, June 17.—Mrs. George Griffith, wife of the owner of "Roselands" ranch on Lark Ellen street, died yesterday at a Los Angeles hospital as the result of an operation. She had been ill for some months. The arrangements for the funeral have not yet been made.

FOUND DEAD IN ROOM.

(LOCAL CORRESPONDENCE.)

REDLANDS, June 17.—Charles F. Hinkle was found dead in his room by his little granddaughter shortly after noon today. His wife and son were at Palm Springs and he was left alone with his children and servants. He entertained two friends at dinner last night and the servants allowed him to remain undisturbed through the morning. A servant and the little girl went to his room to call him to lunch and found him dead on the floor. Death was probably due to an apoplectic stroke. Hinkle came here from Philadelphia eight years ago. He owns much property in the city and vicinity.

ASKS CONGRESS
TO CLOSE SHOP.

Jeopardizing Business, Say
Beach Merchants.

Police Chief Registers as
Regular Republican.

Grocers Fight Market and
Demand It Close.

(LOCAL CORRESPONDENCE.)

LONG BEACH, June 17.—"Please, Mr. Congressman, shut up and go home."

This is the gist of an earnest appeal which will be sent to Representative Bell and Senator Works by the Merchants' and Manufacturers' Association of Long Beach. The men in Washington will also be asked to work on their fellow Congressmen in an endeavor to secure an early if not immediate adjournment, for the good of the country.

Urging with a large majority of business organizations all over the country that political agitation by the Democrats cease while the financial depression created by them exists, the members of the M. & M. met today and passed strong resolutions which will be sent to Bell and Works.

Business conditions generally are unsatisfactory because of uncertainty of crops and business legislation. The resolution runs, "and we strongly urge the postponement of all further legislation affecting business at the present time. Believing it is advisable to wait until next session so that due consideration may be given these important subjects. Business legislation is critical to take chances with it."

President W. H. Bennett of the association, a few days ago received a letter from the United States Bank Company of St. Louis, the head of which President Wilson refused to appoint on the Federal Reserve Board.

The association has passed resolutions asking the local Congressional representatives to "shut up shop and go home," for the sake of business.

BEARDS THE LION.

S. I. Browne, acting Chief of Police, who will soon be the real Chief, registered today as a Republican in the tenth precinct of the city. He having moved his family here several days ago. This action of Browne in registering as a Republican is likely to bring down on him the wrath of Mayor Wheaton, a Bull Moose man.

Browne today established a juvenile court of his own. Then he went up to see Superior Judge Taft regarding whether he was in contempt of court in so doing. The judge told him he was right to keep such a court. Browne will keep his own blotter of juvenile offenders and will use the case files of the young offenders as a horrible example.

WOULD ERASE MARKET.

An assault will be made on the municipal market by a committee of citizens composed of L. R. Harris, W. F. Pascoe and E. E. Lazenby, the last two grocers, before the City Council, Friday evening. The men will insist that the market be removed until it is now dominated by non-resident peddlers to the detriment of the city.

They will insist that the Council pass legislation as will bar outsiders. Friends of the market will be out in force, however, and will insist that the kickers against the institution are to be taken care of by the police and the life of the public market.

RINCON BEACH
AUTO WRECK.

CAR ROLLS OVER TWICE AND
SEVERAL ARE INJURED,
NONE SERIOUSLY.

(LOCAL CORRESPONDENCE.)

VENTURA, June 17.—An automobile party returning from Santa Barbara to this city Sunday evening was upset on the Rincon beach, and all the members excepting one were more or less bruised.

Will Ramell's chest-bone was fractured, wrist sprained and body bruised; John Green's left shoulder was dislocated and his body bruised; Ernest Perand was severely injured; Clarence Coffman's face and hands were cut; Charles Burrows was the only occupant of the car who escaped injury.

The car was a 1913 Buick, driven by George L. Barnes, of Santa Barbara. The car took a header on a sharp curve. It rolled over twice.

James Albert Morse, known here in former days as "Yank" Morse, a pioneer of this city, passed away in Oakland on Saturday. He was aged 52 years, and a native of Maine. He was married to Mrs. Linnie Morse Barr of Oakland.

George W. Hitch, a Mount farmer, is in the hospital at Oxnard suffering from ptomaine poisoning, brought about by the eating of beans left standing in a tin vessel for several days. He was stricken in his field and fell while at work, but was able to crawl to a neighbor's house, where help was secured.

ILL FOR MONTHS.

(LOCAL CORRESPONDENCE.)

COVINA, June 17.—Mrs. George Griffith, wife of the owner of "Roselands" ranch on Lark Ellen street, died yesterday at a Los Angeles hospital as the result of an operation. She had been ill for some months. The arrangements for the funeral have not yet been made.

FOUND DEAD IN ROOM.

(LOCAL CORRESPONDENCE.)

REDLANDS, June 17.—Charles F. Hinkle was found dead in his room by his little granddaughter shortly after noon today. His wife and son were at Palm Springs and he was left alone with his children and servants. He entertained two friends at dinner last night and the servants allowed him to remain undisturbed through the morning. A servant and the little girl went to his room to call him to lunch and found him dead on the floor. Death was probably due to an apoplectic stroke. Hinkle came here from Philadelphia eight years ago. He owns much property in the city and vicinity.

BURNS-ADAMS WEDDING.
With Simplicity—Couple Has Wide
Acquaintance.

ALHAMBRA, June 17.—A wedding of extreme interest to society in Los Angeles and vicinity was held at 5 o'clock last evening at the residence of Mr. and Mrs. Silas R. Burns of Alhambra, when their niece, Miss Clara Adams, became the bride of Hugh Purcell, son of Mr. and Mrs. Geoffrey Purcell of San Gabriel.

The utmost simplicity marked the affair. Only relatives and closest friends of the family were present. Miss Adams was attended by Miss Charlotte Burns, her cousin, as bridesmaid, and was given away by her uncle, Edmund Parker, who was the best man and Rev. John Atwill, rector of the Church of Our Savior, officiated.

Following the ceremony an elaborate wedding supper was served, the decorations being simple but elegant. At the conclusion of the feast the happy young couple left on a wedding journey, at the termination of which they will reside at the home of the Geoffrey Purcells in San Gabriel.

FIRST COTTON
BALE GINNED.

IMPERIAL VALLEY SETS NEW
AMERICAN RECORD FOR
EARLY CROP.

(LOCAL CORRESPONDENCE.)

CALEXICO, June 17.—The first bale of cotton raised in the United States this year was ginned here today, beating all previous records for the United States by three days. This bale weighs 535 pounds and was raised by Ivey brothers, west of here.

The same growers raised the premium bale last year, but this time far eclipsed it, not only as the first bale of the season, but in the quality and quantity of lint. The American record heretofore was held by Brownsville, Tex., for a bale ginned June 20, in 1903.

This bale, for which cotton markets will probably offer premiums, runs 24 1/2 per cent. lint, or cotton, while 33 per cent. is a high average. This means three more pounds to the hundred of raw cotton than the average.

A MEETING OF FRIENDS.

(LOCAL CORRESPONDENCE.)

WHITTIER, June 17.—Whittier Quakers are now making active preparations for the annual meeting of California Friends Church, which will convene at Whittier, day, June 22. The occasion is the more marked from the fact that the annual gathering of California Friends will be held at Whittier, and as far south as Imperial and San Diego.

OIL MAN DIES.

(LOCAL CORRESPONDENCE.)

BAKERFIELD, June 17.—Charles Dickinson, one of the most influential and best known men in the West Side oil fields, died shortly after 1 o'clock this morning in the hospital as the result of injuries sustained when he was struck by a piece of piping last evening when the casing blew out of a well he was inspecting at a well about three miles from here. The casing was thrown into the air 1000 feet.

PETITION IS FILED.

(LOCAL CORRESPONDENCE.)

SAN DIEGO, June 17.—An anti-saloons petition was filed with the City Council today, protesting against the repeal of the liquor sales ordinance. The petition had 1600 signatures. There has been a reference to opinion as to whether the recent repealing ordinance now in effect was a thirty-day ordinance. The Council will maintain its position and test the Council's right to repeal the ordinance.

NEW SCENIC RAILROAD.

(LOCAL CORRESPONDENCE.)

SAN DIEGO, June 17.—The Bay Shore Railroad, capitalized at \$200,000, has filed incorporation papers and will build False Bay and construct a railroad from Ocean Beach to Bird Rock and La Jolla. This will give a scenic road along the strand for many miles. The road will connect with the Point Loma road. The incorporators are C. W. Fox, George L. Barnes, of Santa Barbara, Decker, John Forward, Jr., and I. H. McKie.

FOURTH COMMITTEE.

(LOCAL CORRESPONDENCE.)

REDONDO BEACH, June 17.—The Chamber of Commerce has appointed a committee to make arrangements for the Fourth of July celebration, in conjunction with the Pacific Electric Railway. The members are Arthur L. Walker, chairman; A. L. Mannahan, Edward Murphy, Fred R. Fancher and W. J. Hess.

BANQUET TONIGHT.

(LOCAL CORRESPONDENCE.)

GLENDAL, June 17.—The semi-annual banquet to be given by the Chamber of Commerce will be held tomorrow night in the Congregational Church. George Gavin Craig will deliver an address and toast will be given by Prof. C. C. Chandler, Mal. C. Galpin, Godfrey Edwards and Rev. Rice.

SOCIETY DEFIES LAW
IN EUCHRE CARD PARTY.

(LOCAL CORRESPONDENCE.)

ONTARIO, June 17.—Notwithstanding that would-be reformers are urging the City Council to put a stop to playing cards for prizes, and despite reports that a test case is likely to be made in the immediate future, arrangements for the military euchre party of Mr. and Mrs. Charles B. Ford and Mr. and Mrs. Earl Williams, which is to be one of the largest events of the month in local society, are going forward today and both hostesses announce that it will be held at the Current Events Club tomorrow night as scheduled.

Society leaders are indignant that their bridge and euchre tournaments

June 18, 1914. \$4,000.00
May 18, 1914. \$3,500.00
Same day in 1913. \$3,000.00

1913.
June 18, 1913. \$3,500.00
May 18, 1913. \$3,000.00
Same day in 1912. \$2,500.00

1912.
June 18, 1912. \$3,000.00
May 18, 1912. \$2,500.00
Same day in 1911. \$2,000.00

1911.
June 18, 1911. \$2,500.00
May 18, 1911. \$2,000.00
Same day in 1910. \$1,500.00

1910.
June 18, 1910. \$2,000.00
May 18, 1910. \$1,500.00
Same day in 1909. \$1,000.00

1909.
June 18, 1909. \$1,500.00
May 18, 1909. \$1,000.00
Same day in 1908. \$500.00

1908.
June 18, 1908. \$1,000.00
May 18, 1908. \$500.00
Same day in 1907. \$0.00

1907.
June 18, 1907. \$500.00
May 18, 1907. \$0.00
Same day in 1906. \$0.00

1906.
June 18, 1906. \$0.00
May 18, 1906. \$0.00
Same day in 1905. \$0.00

1905.
June 18, 1905. \$0.00
May 18, 1905. \$0.00
Same day in 1904. \$0.00

1904.
June 18, 1904. \$0.00
May 18, 1904. \$0.00
Same day in 1903. \$0.00

1903.
June 18, 1903. \$0.00
May 18, 1903. \$0.00
Same day in 1902. \$0.00

1902.
June 18, 1902. \$0.00
May 18, 1902. \$0.00
Same day in 1901. \$0.00

1901.
June 18, 1901. \$0.00
May 18, 1901. \$0.00
Same day in 1900. \$0.00

1900.
June 18, 1900. \$0.00
May 18, 1900. \$0.00
Same day in 1899. \$0.00

1899.
June 18, 1899. \$0.00
May 18, 1899. \$0.00
Same day in 1898. \$0.00

1898.
June 18, 1898. \$0.00
May 18, 1898. \$0.00
Same day in 1897. \$0.00

1897.
June 18, 1897. \$0.00
May 18, 1897. \$0.00
Same day in 1896. \$0.00

1896.
June 18, 1896. \$0.00
May 18, 1896. \$0.00
Same day in 1895. \$0.00

1895.
June 18, 1895. \$0.00
May 18, 1895. \$0.00
Same day in 1894. \$0.00

1894.
June 18, 1894. \$0.00
May 18, 1894. \$0.00
Same day in 1893. \$0.00

1893.
June 18, 1893. \$0.00

THE LOS ANGELES TIMES

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.
A report just made by Col. Schreiber, head of the Bureau of Street Cleaning and Widening, to the Board of Public Works, shows that the bureau has handled almost \$1,000,000 in district assessments for improvements this fiscal year.

North End property owners yesterday conferred with the Board of Public Utilities and Supt. Lewis of the Los Angeles Railway on their plan to run yellow cars around the Plaza and connect the Main-street line with the third-rail line on San Pedro street.

The City Council in caucus yesterday decided to consolidate the office of city oil inspector with the asphalt and cement testing bureau. Inspector Blackmar will doubtless resign if this plan is carried out and the consolidated bureau is placed under the jurisdiction of the City Engineer.

The Council yesterday decided to give Martin Bekins a week within which to resign from the Board of Public Utilities, and thus "save his face." If the resignation does not appear the Council will confirm the action of the Mayor in removing him. Long Beach lost an important point yesterday in the damage actions growing out of the Empire Day disaster when testimony was admitted showing that a city official's attention had been called to the sag in the "death rider."

At the City Hall.

RUNS CLOSE TO MILLION MARK.

TOTAL ASSESSMENTS HANDLED BY MUNICIPAL BUREAU.

One Year's Record Shows Remarkable Activities in Planning for Large Public Improvements Under District Proceedings—Schreiber Submits Resume of the Work.

Col. Schreiber, head of the opening and widening street department, submitted to the Board of Public Works yesterday a resume of the labors of that department for the year. This shows remarkable activities in providing for public improvements under the assessment district proceedings. Almost \$1,000,000 in the total of the assessments levied or undertaken through this department during the present fiscal year.

The exact total of all assessments made by this department for the year is \$947,938.95. This is segregated as follows: Assessments made and collected during the year, \$429,139.55; assessments made and filed with the City Clerk, \$119,707.85; assessments made, approved, but proceedings abandoned by the City Council, \$154,739.50; assessments made, approved, but not collected by court until final hearing, \$44,351.95.

In this connection the Board of Public Works had under consideration yesterday the entirely inadequate provisions for room for this department of the city's business. For some time past the assessment rolls for the third assessment for Exposition Park have been ready for collection, but there has been no place available in which to handle the large numbers of people who will appear to pay their tributes when the collection is opened.

The assessment covers approximately 36,000 parcels of land and is for \$281,184.40. The board decided that room 4 on the first floor of the City Hall shall be used for this purpose as soon as the Assessor completes his work of writing up the tax assessment rolls. The Exposition Park assessment collection will probably start the first week in July, and will be completed in thirty days.

MUST RESIGN.

OR HE'LL BE FIRED.

Martin Bekins, absent member of the Board of Public Utilities, whom the Mayor removed, subject to confirmation by the City Council, was given an opportunity by the Council yesterday to "save his face." He has a week's time within which to file his resignation—otherwise he will be "fired." Mr. Bekins is not in the "East," but it is probable that his resignation will be sent by telegraph. The Mayor sent to the Council yesterday morning his message announcing his removal of Mr. Bekins from the Public Utilities Board and asking that the Council concur in this action. The Mayor stated that his action was taken because of the gross neglect of official duties by Bekins.

President Wilson and Councilmen Conwell and Snowden spoke on the subject, declaring that under the usual course of procedure confirmations are put over for one week, and this action would give Bekins time to resign.

Councilman Betkouski backed the Mayor's action strongly.

The Council voted to postpone its action one week.

CONSOLIDATION.

BLACKMAR LOSES POST.

The City Council held a caucus after the regular session yesterday and decided that it is for the interests of efficiency that the office of city oil inspector and the department of cement and asphalt testing be consolidated, and placed under the control of the Board of Public Works.

Oil Inspector Blackmar has been transferred to a separate oil department, and stated before the Budget Committee that if the consolidation is made and the department is placed under the jurisdiction of the City Engineer, his resignation will be at hand forthwith. As this is what the plan evidently proposes, Mr. Blackmar will be out. Officers were raised to Blackmar's holding the office yesterday by Councilman Conwell, who declared he believed it improper for Mr. Blackmar to hold this office while conducting a private business of the same character.

NORTH END PLANS.

WANT CARS CIRCLING PLAZA.

Property owners of the northern part of the business district met with Supt. Lewis of the Los Angeles Railway Corporation and the Board of Public Utilities, yesterday, to discuss the proposed plan of eliminating the circling of cars around the Temple Block and sending them on to the Plaza. It is proposed a franchise shall be secured for trackage around the Plaza, and also for trackage that will extend on Los Angeles street to Aliso street, easterly on Aliso to San Pedro street, where it would connect

THIS RECORD IS OFFICIAL.

Judge Monroe Says It of the Bill-Bang Fredenburg Divorce Case.

Earl B. Fredenburg married Regina Fredenburg January 7, last; he left her March 14 and yesterday Judge Monroe granted him a decree of divorce on the ground of misconduct with Charles Gross.

"This is probably the record," commented the court, who has passed on many shattered romances, but none that moved faster than Fredenburg's.

with the city-owned tracks now constructed but not in use.

The property owners urged that this would give another through car line across the city, by connecting the San Pedro street line with the Main-street line at the Plaza, and that the Plaza would become a general transfer point and thus relieve congestion farther south in the business district.

Commissioner Wirsching strongly supported the plan, arguing that it would prove of benefit to the shop employees in the East Los Angeles industrial district and bring relief to traffic congestion.

Supt. Lewis is not inclined to favor the changes proposed, declaring that they are likely to cause confusion for him, that he does not believe conditions warrant them. The board, however, decided that it would appoint a committee of five, representing itself and the property owners, to have further conferences with Mr. Lewis.

City Hall Briefs.

The City Council directed yesterday that the Los Angeles Railway Corporation be required to oil its right of way on Fourth street, from Boyle avenue to Fresno street.

The City Council yesterday denied the minority protest against the proposed Madison-Virgil storm drain.

The Council yesterday heard the protests of the Pacific Electric on the proceedings for the opening of Sixteenth street, from Pacific avenue to Normandie avenue, unless the opening is subject to the right of the company to operate over this lane.

The subject was continued two weeks for the Public Works Committee to reach an agreement with the company.

The Board of Public Works yesterday granted the San Pedro Transportation Company a permit to build a ferry station between the bulkhead and pierhead lines at the easterly end of Fifth street, at the harbor.

Bids for the repaving of the Third-street tunnel were reported upon by the City Engineer to the Board of Public Works yesterday. His own estimate on this work was \$9483. There were two bidders, the Barber Asphalt Paving Company, \$17,500, and the Bryant & Austin Company, \$15,672.

The board rejected each bid and will readvertise as it considered the two too great discrepancy between the contractors' figures and those of the City Engineer.

A. C. Hansen, assistant City Engineer and Inspector of Public Works, plans to put into effect the city's handling of lot-cleaning campaigns on July 1. Notices will be sent to owners of vacant lots that need cleaning that they must take action at once or the city will do the work and the charges will become a lien upon the properties.

At the Courthouse.

LONG BEACH LOSES POINT.

TESTIMONY SHOWS CITY WAS GIVEN NOTICE.

Fact That Photographer Called Attention to Sag in Pier to Member of Board of Public Works Brought Out in Court Despite Defendant's Objections.

A point was scored against the city of Long Beach yesterday in the suit of George Chafor to recover \$15,500 for the death of his wife in the Empire Day tragedy, when Judge McCormick admitted the testimony of J. A. Amson, a photographer, which related to a conversation with P. S. Craig, a member of the Board of Public Works.

Mr. Amson said that some time previous to the collapse of the pier he was standing in front of the auditorium and pointed out to Mr. Craig a sag in the balcony.

"Why the devil don't you fix that?" he said to Mr. Craig, who, it appeared, did not reply. Further evidence that from this sag water collected and stood for several years, weakening the flooring.

The attorneys for Long Beach objected to the admission of this testimony, the effect of which is to show that the notice served on Mr. Craig, as a member of the board, was the same as though notice had been served on the board itself. In case of injury the law requires that such notice shall be served, otherwise damages cannot be collected from a municipality.

The court also admitted as evidence statements of revenue received from rental of booths on the pier and in the auditorium. An objection was also voiced against the admission of this testimony.

PRETTY HOT PUS.

DECREE FOR CRUELTY.

"I am going to grant this man a decree of divorce on the ground of extreme cruelty," said Judge Monroe yesterday, replying to a query as to the record of his court. The man, Edward A. Mellus, who has a place in the Malibu Mountains, had defended the suit of his wife, Amy C. Mellus, and shattered all the charges she made, and these were many.

One was that he took her to a ranch in Escondido Canyon and left her alone for several days and nights, with nothing to eat, she said, except canned beans, which made her sick.

"I am satisfied," commented the court, "that she had plenty to eat. If you live in a camp, you have got to eat canned goods; you can't have luxuries. She made a fuss about it."

The testimony showed it was a pretty hot fuss. Mrs. Mellus went to the camp where Mr. Mellus was found living on a cot, pulled the clothes off him, slammed his shoes on the floor and threw his trousers in a creek.

She appeared to be jealous, for Mr. Mellus testified that she had sent fictitious notes to him, trying to make appointments with him in Santa Monica.

"I think she started in with systematic persecution," continued the court. "She was going to have him. She had a letter to him, a stick, brandished a knife and made trouble generally. She accused him of misconduct, but there was no proof of it. She wrote letters to his friends that were bad. I shall grant him a decree on his cross-complaint."

The couple were married at Santa Ana May 24, 1913, and it was Mrs. Mellus's second venture.

SUIT MOTLY FOUGHT.

SECRET AGREEMENT ALLEGED.

The hotly-fought suit of the Merchants and Insurers Reporting Company against J. E. Youts, former secretary, and Miss Phoebe A. Parker, his stenographer, to recover approximately \$34,000 which is alleged to have been received by them in commissions for stock sold, was submitted to Judge Hewitt yesterday.

It appeared from the testimony that the corporation made a contract with Miss Parker, who was manager of the Bankers' Fire Insurance Company, and the Phoenix Underwriters, to sell 200,000 shares of stock at a 25 per cent. commission basis. She testified that she sold 100,000 shares of stock and out of her commission she paid 25 per cent. of expenses which included more than 100 field agents.

The corporation alleged that Youts had a secret agreement, that Miss Parker was selling the stock for him, and that he pocketed a large sum in commissions. Youts claimed that there was no secret agreement; that he was entitled to the commissions, and that, while Miss Parker was doing the selling, he was also an official of the insurance companies.

ASKS HEAVY DAMAGES. BOY GOES TO COURT.

Maurice McManus, 19 years of age, and Frank B. Hax, more than twice his age, will lock horns in the former's action to recover \$15,000, of which \$25,000 are damages to his person and \$25,000 for slander. The complaint was filed yesterday by Attorney Durham, and marks back to three years ago, when Mr. Hax missed several rabbits, and, according to Mr. McManus, blamed him with taking them.

The parties to the suit live on West First street. Recently Mr. Hax is alleged to have entered the garage where McManus works. The latter remonstrated with him for using an opprobrious name in connection with the loss of the rabbits.

Mr. McManus alleges that Mr. Hax assaulted him, leaving the marks of his teeth on his face. It also is asserted that Mr. Hax broke the crowns of two teeth, which Attorney Durham says he will show prevented Mr. Hax from further degradation on his client's face.

"MILITANT" "NO."

SAY PROSPECTIVE CITIZENS.

Two women from Ireland and two women from Australia, members of the naturalization class in Judge Wood's court yesterday, went on record as opposing the militant suffrage.

"Do you approve of the methods of the militant suffragettes of England?" the court asked.

A loud and vociferous "No" was the response. Fifty-eight men and women passed and were admitted to citizenship after a class of 102. Four failed to pass.

WINS IN RECOUNT.

CONTESTED TOWN ELECTION.

The recount of the vote cast for trustee in Sierra Madre, April 12, in Judge Jackson's court yesterday, makes Louis Deits, who contested the election, a winner. Deits lost at the election by one vote, the returns showing 145 ballots cast for him and 146 for N. W. Tarr. He alleged that 146 ballots had been cast for him.

The recount gave him 172 votes and Mr. Tarr 148. J. M. Beard and L. E. Steinberger received 178 and 205 votes respectively, practically to the original returns. Mr. Deits, it is said, only announced his candidacy for trustee the day before election.

JOBS GUARANTEED.

PROMISE GIVEN YOUTH.

A jury was empaneled yesterday in Judge Craig's court to try W. T. Kahler on a charge of obtaining \$25,000 in false pretenses from William J. Cogan of No. 418 West Fifty-sixth street.

According to the complaint, Kahler is alleged to have sold a drum and traps to young Cogan for \$75 and had promised to get him a position as a drummer in a circus within three weeks' time. It is alleged that Kahler claimed he had exclusive contracts with forty theaters and cafes in this city to furnish them with music.

D. C. Teague of San Dimas, a prospective juror, was taken ill in the courtroom and tried to walk to the corridor. He collapsed and fell headlong through the doorway. When picked up by Detective Bright he was unconscious and he was taken to the Receiving Hospital, where he recovered.

COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

DAMAGES AWARDED. Judgment for \$10,000 was awarded William R. Combs, a trustee in the suit against the Los Angeles Railway Corporation for \$10,000 damages for personal injuries. Mr. Combs endeavored to board a car at East Seventh and Mateo streets, and alleged he was thrown off through the negligence of the crew of the car.

ANNUAL MEETING. Judge Monroe and Bishop Joseph H. Johnson, daughter of Peter A. Garvie, who died at a hotel in Palo Alto and Honolulu, was appointed administratrix of his \$100,000 estate by Judge Hives yesterday. She gave \$205,000 bonds.

NAMED ADMINISTRATRIX.

CLEAR WITNESSES.

The trial of the suit of William P. Hoffman against Louise Reynolds, tried by Judge Works, developed two school

Easy Payments
—Furnish the home of the porch with a Deltos Rug and a Deltos Rug. Hamburger and pay for it as convenient as your pocketbook.
—Ask about it! (Hamburger's—Third Floor)

MAYOR DEFINES HIS POSITION.

Formulation of Amendments to City Charter May Well Be Deferred Until Question of Consolidation Has Been Threshed Out, Says Mayor Rose in Statement.

Another question concerning the city's business and putting it on a strictly business basis.

I also desire at this time, in presenting these matters for general discussion, to say that I wish it understood that I am not attempting to discredit any of our city officials. It is the system which I have criticized and not the individuals. When I contemplate the handicap under which our public officials are compelled to work, I wonder they accomplish as much as they do.

Patrolman Fires at Early Morning Provoker as He Speeds Up the Street.

Four bullets sped after a burglar, who had just been in the residence of L. A. Phillips of No. 2211 Stephenson avenue early yesterday morning. He was not captured.

Phillips was awakened by the man prowling about his room. He remained quiet until the intruder left his room and then sent in a call to the Boyle Heights police station. Motorcycle Officer Walborn responded and arrived in time to see the man on the lawn rifling the pockets of Phillips' trousers. At sight of the policeman the burglar began running. Walborn fired four shots at the man, but the dim light made good marksmanship difficult. No blood spots were found as the burglar evidently was not hit.

"I DON'T WANT HIM."
So Says Owner of Rickety-legged, Spare-ribbed Horse in Court Charged With Cruelty.

M. V. Ortega of Bishop street was in the Police Court yesterday to answer a charge of cruelty to animals. He was accused of having driven a rickety-legged, spare-ribbed horse named "Cheesebore."

"If I give you back this horse, how will you treat it?" asked Police Judge Cheesebore.

"I'll put him out in pasture, fatten him up and get him back into condition," Ortega answered.

"This horse can never be put back into good condition. Your Honor," interjected S. P. C. A. Officer Fullerton. And before the judge could frame
